## Pasteur Colloquium-Elite

### Publishing in Nature Journals

- [Speaker]** Dr. Ripudaman Bains
- [Time]** 14:00-15:30PM, September 29th, 2017
- [Host]** Prof. Xia Jin
- [Venue]** A0201 ,Life Science Research Building

#### [Speaker Introduction]

Ripudaman joined Nature Communications in February 2017, having previously worked at Genome Biology for 3 years. Ripudaman has been the Team Manager and Senior Editor of the microbiology and immunology team of editors on Nature Communications since February 2017. Within this role, she has overall responsibility for journal content within these broad subject areas and manages a team of six editors who are based in London, Shanghai and New York. Before joining Nature Communications, Ripu was the Senior Editor of Genome Biology for three years where she was responsible for journal content in areas of microbiology and infectious diseases, microbiome, human genetics, evolutionary biology, population genomics, and human disease genetics. She has also worked on the journal Genome Medicine.

Ripudaman holds an MSc in Medical Parasitology and a Diploma in Infectious Diseases from the London School of Hygiene and Tropical Medicine. Her MSc included a stint at the Philippine Research Institute for Tropical Medicine where she conducted research into malaria epidemiology on Palawan Island. Her PhD at University College London focused on human genetic diversity in sub-Saharan Africa. Ripudaman is based in the London office.
